Dear Paul:

I wanted to write to say "Thank You" for your over 12 years of telecom consulting service to Shoes for Crews. You have seen us grow from an 80 seat call center in 1996 to our 2008 total of 457 seats.

Throughout the years you have been the consummate professional always acting in the best interest of SFC. Whether it is the telephony equipment or network services side of the business you are always there to present us with multiple options and when we've made our decision, get us the best deal.

I wish you many years of success for KPM Communications, Inc. If there is ever a time when you need a recommendation please have your potential customer call me directly.

Sincerely,
